

## Overview

The purpose of this notification is to communicate that Xilinx<sup>®</sup> is discontinuing all Virtex-II Pro FPGA products due to supplier line discontinuance.

## Description

Xilinx's fab manufacturer will be discontinuing the wafer fabrication process line for 0.13 $\mu$ m (Virtex-II Pro FPGA Product family). This product discontinuance notice applies to all speed and temperature-grade variants (XC and XQ part numbers) of Virtex-II Pro FPGA product family.

In view of this discontinuation, there will be no RoHS transition plan for Virtex-II Pro FPGA Product to comply with the European Union's RoHS 2 directive (2011/95/EU). Xilinx will continue to supply Virtex-II Pro FPGA parts with eutectic material for the solder bumps between the semiconductor die and the substrate until Last-Time-Ship (LTS) date as indicated in this notification.

This notice should be used in conjunction with previous discontinuance notices which can be found at [Xilinx.com](http://Xilinx.com).

## Products Affected

The products affected include all standard part numbers and specification control document (SCD) versions of the standard part numbers listed in this notice.
